# PORT ARTHUR SHAKEN BY GREAT EXPLOSION

CHICAGO, May 20.—A Special to the Daily News from Chefoo says: At 10:30 this morning a tremendous explosion was heard in the direction of Port Arthur. It was impossible to ascertain the cause.

## THREE HUNDRED KILLED IN BATTLE.

Twenty Thousand Japanese Are Forced to Make a Hurried Retreat to Feng Cheng.

LONDON, May 20.—The Japanese legation gave out this morning the following dispatch received from Tokyo: "The enemy's forces participating in the fight near Kin Chau Liao Tung Peninsula May 18 consisted of the Fifth Fourteenth and Sixteenth sharpshooters with 8 quick-firing guns. They left on the field thirty dead officers and 100 men. According to the prisoners the enemy's casualties were over 300."

## REPORT OF RETREAT IS CONFIRMED.

NEWCHWANG, May 20, 7 a. m.—The reports of the Japanese retreat to Feng Wang Cheng are officially confirmed.

The Japanese numbering 20,000 men, came upon 22,000 Russians in a strong position on Monday sixty miles west of Feng Wang Cheng. It being unwise to risk a battle the Japanese retreated in good order and with great rapidity. An unofficial Russian authority says a pitched battle was not fought but rumor says there was considerable loss on both sides during the clashes with the Cossacks harassing the flanks of the Japanese. This division presumably was executive a reconnaissance. The pursuit was checked when the main body of the Japanese was joined. This apparently accounts for the withdrawal to an unknown destination of warships and transports from Towner Hill ten miles north of Kalchau Liao Tung Peninsula and of renewed defensive activity at Newchwang.

No news has been received here from Port Arthur.

## TWO TOGO'S ARE AT THE FRONT.

TOKIO, May 20, 4 p. m.—The report of Rear-Admiral Togo who should not be confounded with the vice-admiral of that name and who commands the Japanese fleet sent to attack Kail Chau on the west coast of the Liao Tung Peninsula, south of Newchwang, says he reached Port Arthur soon after the Japanese battleship Hatause was blown up and assisted in saving her crew and driving back the Russian torpedo boat flotilla, which came out that evening. Rear-Admiral Togo entered Chi Li Gulf the morning of the 16th, reconnoitered the coast near Kail Chau and drove the

## RUSSIANS ARE REJOICING.

Declare the Navies Are Now on an Equal Footing.

ST. PETERSBURG, May 20 (12:55 p. m.)—With greater calm than has been felt since the beginning of the war Russia today faces the situation in the Far East. The disasters sustained by the Japanese fleet have strengthened the national spirit and the officials carefully point out that they restore in a measure the prestige lost by the past untimely successes of the enemy. Should the persistent reports of the Japanese army having been driven back to Feng Wang Cheng prove true, then the authorities and people will feel that Russian progress has been vindicated and that the two belligerents can recommence the war on a more even footing.

**RUSSIAN SUCCESS.** The first effect of the Russian successes will, it is believed be apparent in the behavior of the Chinese whose attitude has been decidedly hostile to the Russians and to trying this change about it is expected that Russian agents in China will follow the Japanese plan of fully informing the Celestials of the losses inflicted on the enemy. Although in St. Petersburg there is individual enthusiasm over the Japanese disasters, it is not for us to rejoice, but it was not for us to bring the Kasuga from Genoa to sink the Yoshino.

enemy off a range of hills near Tong Shan. On the 17th after clearing the sea of mines Rear-Admiral Togo entered Kin Chau bay from which his gunboats bombarded the railroad bridge, a military train and the enemy's buildings effecting some damage.

## LOSS OF WARSHIPS IS CONFIRMED.

CHEFOO, May 20.—A private telegram received here from a Japanese source confirms the report that the battleship Hatause was sunk by a mine off the Liao Tung promontory and that the cruiser Yoshino was sunk in collision with the cruiser Kasuga off Shan Tung promontory. This telegram is taken here to indicate that the Japanese have lost two ships and that they have two other vessels damaged the Kasuga, in collision with the Yoshino and another unnamed vessel which the Russian refugees from Port Dalny insist sustained injuries on Sunday off the Liao Tung promontory.

## RUSSIANS WERE SOON REPULSED.

TOKIO, May 20, 3:30 p. m.—The following official statement has just been issued here: "A section of infantry of the Liao Tung forces went in the direction of San Chusan to reconnoitre and met two sections of Russian infantry. The Russians were repulsed in thirty minutes. Our casualties were one officer and eight men wounded. The Russian casualties were one officer and forty to fifty men killed. The landing of Japanese troops at Faku Shan began yesterday."

## RUSSIANS TELL OF THE ENEMY.

TOKIO, May 20, 10 a. m.—A Russian captured during the recent fighting near Kin Chau, about thirty-two miles north of Port Arthur, reports that the enemy on the Kin Chau peninsula consists of the majority of the Fourth

## DECLARES HE WAS SHOT.

Count Ambrosew Tries to Break Into Wife's Room.

Badly Out While Trying to Crawl Through a Window.

Covered with blood which was streaming from a wound in the hand and in the lower lip Dr. S. A. Ambrosew a Russian Count of 611 Mission street San Francisco was taken into the Receiving Hospital about midnight last night and it was daylight this morning before the attendants were satisfied that he was in a condition to leave the place. He was very much under the influence of liquor and claimed that he had been shot twice. One of the wounds extended from the wrist up through the fleshy part of the inside of the thumb while his under lip was torn through to the bone. Dr. George Rejnie was summoned and succeeded in dressing the patient's wounds and he was persuaded to go to bed. In the meantime the police had been notified by Policeman Sherry, who found Ambrosew at Seventh and Market streets of the man's statements and an investigation was begun which ended at the residence of Mrs. Brooks at Ninth and Jefferson streets, where it was found Mrs. Ambrosew was staying with a friend.

In an endeavor to get into the house Ambrosew had smashed his hand through a window and then in an effort to put his head through the hole he cut his lip. There was a pool of blood under the window and his trail where he had walked until he fell into the hands of the policeman was plainly marked with blood. His clothes were saturated and until the truth of the matter had been solved it was believed that he was the victim of a fusillade. He said that he was in the act of lighting a cigarette when someone shot him twice. One of the bullets claimed tore through his underlip and the other made the wound in his hand. By the bloody trail left the police tracked the man straight back to where he had come from.

## J. Y. ECCLESTON IS PROMOTED.

SUCCEEDS LATE E. C. HAGAR AS ASSISTANT CASHIER OF OAKLAND BANK OF SAVINGS.

James Y. Eccleston has been elected assistant cashier of the Oakland Bank of Savings vice Edward C. Hagar deceased.

This promotion was anticipated by the friends of Mr. Eccleston, because of his long association with and his appreciated services to the bank in question his connection with the institution covering a period of about twelve years. For some time past Mr. Eccleston has been at the head of the loan department of the bank and in it has displayed signal ability. Though many years younger than the gentleman whom he succeeds Mr. Eccleston possesses undoubted qualifications for the new position a fact which is attested by the preference which has been accorded him by the management. Walter Lelmer, who has been assistant to Mr. Eccleston in the loan department will succeed to the latter's place as soon as Mr. Eccleston shall be able to fully enter upon the discharge of the duties of assistant cashier.

## METHODIST CONFERENCE.

WASHINGTON, May 20.—The general conference of the Methodist Protestant Church convened in quadrennial session here today. Church union between the Methodist, Congregationalist and Unitarian Brethren was the burden of the opening address of Rev. D. S. Stephens, president of the conference.

A RUSSIAN CAMEL CORPS OF A TYPE ORDERED TO THE FRONT.

## HE WAS JEALOUS.

Husband Says Dancer Squeezed His Wife's Hand.

E. A. Costa 613 Fourth street is accused of having committed battery on the person of W. A. Gambel on the floor of a ballroom last night. According to the cause of the entire affair was that he happened to be in the same ballroom with Costa's wife and merely touched her hand. Costa was watching the evolutions of the dance with jealous eyes and when he saw the contact between the hand of his wife and that of Gambel he imagined he saw a little grip pass between the two. In a passion he flew across the ballroom and smote Gambel across the face. Mutual friends separated the belligerents and Costa was arrested. He foregoes his Gamble's version of the affair.

In the Police Court this morning Costa pleaded not guilty and his trial was set for June 9th before Judge Smith.

Mrs. Costa and Gambel were acquainted before her marriage. Gambel says that he resumed the acquaintance at the dance and was given the privilege of a waltz with Mrs. Costa. On the advice of friends he refrained from waltzing but in the lancers accidentally was thrown into the same set with Mrs. Costa.

## TO TAKE FORT BY STORM.

Japanese Preparing to Make a Desperate Move.

CHICAGO, May 20.—A special to the Daily News from Tokio says: Port Arthur is to be taken by storm. The moment proper preparations have been contemplated. Siege guns have yet to be placed in position and the land forces appointed for the assault have to be strengthened. The unexpected loss of two vessels has emphasized the insecurity of a sea power and the authorities feel that no chances must be taken that would encourage Russia to send out the Baltic fleet counting on finding a harbor of refuge in Port Arthur. It is realized that the coming of the fortress will inevitably cost many lives but it is said that the waters where the

## BANKERS MEET.

Oakland Extends An Invitation to the Convention.

LOS ANGELES, May 20.—The California State Bankers Association this morning elected the following officers: N. H. R. Schmidt, German Savings and Loan Society, president, Frank Miller, Colusa County Bank vice-president, G. W. Cline, Crocker-Woolworth National Bank, San Francisco treasurer, R. M. Welsh, San Francisco Savings Union, secretary, executive council: E. P. Foster, Bank of Ventura, H. S. Fletcher, Bank of Watsonville, G. W. Peltier, California State Bank, Sacramento; Joseph D. Radford, First National Bank of San Jose; J. F. Moulton, Bank of California, San Francisco, C. H. Toll, Southern California Savings Bank, Los Angeles.

The remainder of the morning session was devoted to the reading of papers by members of the association and the reports of committees. Among the papers read was one on the subject of "The Mortgage Tax" by Lovell White of the San Francisco Savings Union and one by W. C. Patterson, president of the Los Angeles National Bank on the subject of "Financial Facilities". An invitation by the City of Oakland to hold their next annual gathering in that city was read and referred to the executive committee. The convention then adjourned until Sunday when final adjournment will be ordered. This action was taken in order to extend the time limit of the railroad tickets of the members. This afternoon the association goes in a body to Mt. Lowe and tomorrow to Catalina Islands.

## PRESBYTERIANS WILL BE UNITED.

DALLAS, Tex., May 20.—When the general assembly of the Cumberland Presbyterian Church assembled today Judge W. E. Settle of the Kentucky Court of Appeals who was yesterday elected moderator was in the chair. The reports of the committee on fraternity and union took up the entire morning session. A canvass of the delegates today disclosed a sentiment almost evenly divided on the question of church union.

## BRITISH AFTER KIDNAPERS.

GIBRALTAR, May 20.—The British torpedo boat No. 88 sailed today for Tangier in connection with the kidnapping of an American citizen named Perdicaris and his stepson, Cromwell Varley, a British subject, by armed Arabs headed by Raisouni, the notorious brigand chief. Japanese ships are forced to maneuver as they become so dangerous because of floating mines that heroic measures are imperative. Under these circumstances it is thought life will be economized by storming the stronghold and eliminating it and the adjacent waters from the area of actual conflict.

## RUSSIANS REJOICE.

Claim to Have Given Japanese a Severe Blow.

NEW CHWANG, May 20, 12:10 a. m.—The Russians here are jubilant over the reported retreat of the Japanese to Feng Wang Cheng. They consider that the birthday of the Emperor May 18 was good medicine for the enemy. According to the latest authentic reports received here there were two divisions of the Yalu army one moving on Hai Cheng and the other toward Liao Yang, and it is believed the Russians concerted and struck the enemy south of Liao Yang driving them back. The reports say the losses were heavy. It is understood that the siege guns which were removed from the New Chwang forts were taken to the fort at Hai Cheng where they were mounted yesterday. The Russians claim that they will bring 3000 men into New Chwang in a few days but these statements are believed to result from the enthusiasm following the celebration of the Emperor's birthday and the news of the Japanese retreat.

The Japanese control of the railroad south of Wufangtung and the Russian forces between there are New Chwang are small amounting only to a few scout ing parties. Almost all the railroad was set down. A military wire between here and Port Arthur is in operation however and the Japanese are tapping the Russian messages as they pass.

## MURDER OR SUICIDE

Coroner Curry Has a Mystery For Police to Solve.

Chief of Police Hodgkins was informed this morning by telephone by Coroner Curry of Contra Costa county that the body of a man who may have been accidentally killed, murdered, or who may have committed suicide, was found last night on Thompson's ranch, a few miles from Lafayette. The remains were badly decomposed, giving evidence of having lain in the field for several weeks. There was a 38-caliber rifle beside the dead man. He was dressed in a black suit, with diagonal lines running through it. The coat was square cut. He wore patent leather shoes and a calico shirt. There were no evidences of his identity on him such as papers or marked clothing. The only description that can

## TELLS OF HIS LOSS.

Admiral Togo Reports on the Blowing Up of Warship.

TOKIO, May 20, 8 a. m.—Vice-Admiral Togo's full report on the loss of the Hatause and the Yoshino is as follows: "It is regrettable that I have to report a third misfortune. At 5 o'clock on Sunday morning I received a wireless message from Rear-Admiral Dewa saying: 'Today at 5 o'clock in the morning while returning from the work of blocking Port Arthur we encountered a dense fog north of the Shan Tung promontory. The cruiser Kasuga collided with the cruiser Yoshino, striking her on the port stem and the latter sank. Boats from the Kasuga saved ninety of her crew. The dense fog still continues.' This was a most unfortunate day for our navy. While the fleet was watching the enemy off Port Arthur the battleship Hatause struck an enemy mine and her rudder was damaged. She sent a message for a ship to come and tow her. In a vessel was going in when another message brought the lamentable report that the Hatause had struck another mine and immediately sank. She was then towed off the Liao Tung promontory and no enemy was in sight. She must have struck a mine or been attacked by a submarine boat. Three hundred of her officers and crews were saved. She sank in thirty minutes. While she was sinking sixteen of the enemy's torpedo craft appeared but they were driven off by our fleet. Vice-Admiral Togo's report, as it was received here is somewhat vague in places on account of the fact that it was transmitted by wireless telegraph."

## NO TRUTH IN REPORTED LOSS.

ST. PETERSBURG, May 20, 4:36 p. m.—The admiralty states that there is not the slightest foundation for the report that the cruiser Bogatyr has been destroyed. The squadron the admiralty asserts is intact at Vladivostok.

A dispatch to the Echo de Paris from St. Petersburg last night reported that the cruiser Bogatyr has been destroyed. The squadron the admiralty asserts is intact at Vladivostok.

PROGRESS IS MADE IN MORE CHANGES IN FIXING RATES. FIRE LIMITS.

Real Estate Men, Bankers and Others Will Testify as Experts.

The Committee of the Whole of the City Council met last night to take testimony for the fixing of water rates for the ensuing fiscal year.

MUCH progress was made and it is thought that one more evening will be sufficient to complete the cross-examination of Arthur L. Adams, the consulting engineer of the Contra Costa Water Company.

President Dornin of the Council did the questioning last night and much ground was covered in a satisfactory manner.

URGES HASTE. Before there was any testimony Engineers' dams urged haste. He said: "I wish to state to the Council several of my reasons for urging haste in fixing the water rates. The question involved is not new to at least five of the members of the Council for the first time in a previous Council. In other cities, in Alameda, Berkeley and in one of the Southern cities, Los Angeles, at which I represented a water company, there was never more than two days consumed in fixing the rates. There is on file with the city a vast amount of data. The old members of the Council are already familiar with the data. It will mean considerable effort on the part of new members to acquire familiarity with the subject matter. They can do it if they wish. It is desirable that the rates be fixed at once. If there is any considerable change in the rates it will mean that 14,000 bills will have to be gotten out. This means an amount of work. I think that the Council will agree with me that we should conclude the investigation as soon as possible.

Chairman Elliott—I think there is much in what Mr. Adams says. Is there any Councilman who wishes to speak to what Mr. Adams says? If there is none, then the cross-examination of Mr. Adams is in order.

Adams—I have one or two points to make then the Water Company case will be concluded.

Mr. Dornin—I have tried to make a comparison of real estate values in the city. I have found that the values are not uniform. I have found that the values are not uniform. I have found that the values are not uniform.

SELECT REALTY EXPERTS. On motion of Mr. Dornin it was ordered that two real estate men be selected by the Fire and Water Committees to go over the twenty-five pieces.

FRANCHISE VALUES. Mr. Adams then called attention to franchise values. He said: "I wish to call to the attention of the Council the fact that the franchises of the Council are assessed at \$1,000,000. When the Council was sitting as a Board of Equalization it refused to lower the assessment. Franchises are property.

Duplicate Services. Adams—Yes, there are a number of duplicate services. You will notice there is a list of service since 1900 which are not charged.

ORDINANCE AND JUDICIARY COMMITTEE RECOMMENDS MORE TERRITORY.

Another change was made in the proposed fire limits by the Ordinance and Judiciary Committee of the Council last night. The first change was extending the limits 150 feet east of Franklin street, from Seventeenth to Seventh street.

HOSPITAL POSTPONED. The Ordinance and Judiciary Committee laid over the ordinance authorizing the Board of Public Works to expend \$50,000 for the erection of a city hospital.

PROTEST OVER RULED. The protest of property owners against the closing of East Twenty-fifth and Twenty-sixth streets, east of Nineteenth avenue, was overruled.

ELIOT'S CURIOUS. Eliot—I would like to ask Mr. Adams if the cost of construction and value are always synonymous.

COUNCIL'S IDEA OF VALUE. Adams—Yes. The Council assessed it at \$1,000,000. That is the value given it by the Board of Equalization.

BOARD OF TRADE  
BANQUET.ANNUAL SPREAD WILL BE LARG-  
EST EVER HELD IN  
OAKLAND.

Secretary Stearns, of the Board of Trade, says that arrangements have almost been completed for the annual banquet of that organization, which will be held in Maple Hall on the 28th of this month. He declares it will probably be the largest banquet which has ever been held in this city. Acceptances of the invitation to attend have been received, among others, from Governor Pardee, Assistant Traffic Manager Russell of the Santa Fe, San Francisco; General Manager Markham, of the Southern Pacific Railroad, San Francisco; Senator Perkins, Mayor Eliot of Berkeley, C. R. Smith and Councilman Elliot. All of these will respond to toasts.

THREE HUNDRED  
KILLED IN  
BATTLE.

Infantry division and all of the Seventh Infantry division. The prisoner adds that one Japanese naval officer and thirty men are prisoners at Port Arthur. They are survivors of the last blockading squadron.

PROTECTED THE  
LANDING OF TROOPS.

TOKIO, May 20, 5 p. m.—Admiral Hozoya, commanding the Third Squadron, reports that with the Third Squadron, consisting of the Fuso, Hei Ken, Tsukuba, and others, he protected the landing of troops at a new unarmored place, probably Taku Shan, yesterday, bombarded the coast and landed a party of bluejackets, who occupied a point of land and raised the Japanese flag at 8 o'clock in the morning. The landing of troops immediately commenced and was accomplished very quickly.

COMPELLED TO RETREAT.  
ST. PETERSBURG, May 20, 4:16 p. m.—An official report has been received to the effect that Gen. Rennenkampf's Cossacks fell on the Japanese keels advancing on Feng Wang Cheng on Wednesday and that the Japanese were compelled to retreat for a distance of 12 miles. The Russians have evacuated Kai Ping (or Kai Chou), about 35 miles south of New Chang) without a fight.

PORTS ARE OPEN.  
ST. PETERSBURG, May 20, 6:06 p. m.—The report that Russia may shortly proclaim all the ports of the Siberian coast, including Vladivostok, to be free, thus permitting unrestricted commerce, is confirmed.

FINE WEATHER.  
FUSAN, Korea, May 19 (Delayed in transmission).—The Japanese troops in the North are experiencing fine weather and the roads are dry. The health of the soldiers is excellent. The occasional engagements between patrol show that the Japanese cavalry can cope with the Cossacks on even terms.

SOLDIERS LANDED.  
LONDON, May 20, 3:15 p. m.—The Japanese legation today received the following official dispatch:  
"TOKIO, May 20.—A portion of an army commenced landing at Taku Shan (west of the mouth of the Yalu river) yesterday."

ALL IS QUIET.  
VLADIVOSTOK, May 20.—All is quiet here. Japanese warships appear from time to time in Peter the Great Bay, but they do not approach Vladivostok.

TRAINS HELD UP  
BY LAND SLIDE.

REDDING, May 20.—The mountain-side slid down last night on the railroad track at Cantara, near the point where numerous slides previously have occurred. The track was buried to the depth of one foot and a half for a distance of 100 feet. Traffic was delayed five hours, the Oregon Express being held at Dunsmuir and the California Express at Mokelumne. There have been no recent storms, it is believed the slide was caused by water sweeping down the mountain side from the hydraulic operations being carried on above.

UNITARIANS  
ELECT OFFICERS.

SAN FRANCISCO, May 20.—The Pacific Coast Unitarian conference has elected the following officers by acclamation: President, W. R. Olds of Portland; vice-president, H. H. Brown of Berkeley; secretary, E. Bowen of Berkeley; treasurer, J. H. Clement of San Francisco; executive committee, E. Bowen, W. R. Olds, J. W. Simmonds, Rev. Bradford Leavitt, Rev. B. F. Goodridge and Stoddard Jess.

## EIGHTH BALLOT.

LOS ANGELES, May 20.—The conference convened at 2 o'clock and received the report of the tellers on the result of the eighth ballot. There was no election. A total of 723 votes were cast, with 482 necessary to a choice. Dr. T. B. Neely headed the list of candidates, with 455 votes, a gain of twenty-nine from the last ballot but still short of the required number. J. R. Day was second, with 376, a gain of thirty over his vote of the previous ballot. E. J. Cook was third, with 214, a gain of ten from the seventh ballot. H. C. Jennings received ninety-seven, J. W. Simmonds, the colored candidate, ninety-one; the remainder scattering. The ninth ballot was then ordered and taken and the conference adjourned until 6 o'clock.

PARIS, May 20.—United States Consul General Gurnea at Tangiers, Morocco, telegraphs confirming the reports that the brigand band which captured Perdicaris, an American citizen, and Cromwell Varley, a British subject, is the same that captured Mr. Harris, the London Times correspondent, last year.

Besides capturing the men members of the band assaulted the women of the Perdicaris party.

The British and American representatives at Tangiers are taking energetic measures to obtain the release of the captives and the Moorish authorities are assisting them.

WESTERN UNION  
RACING ORDER.

NEW YORK, May 20.—President Cloyer of the Western Union Telegraph Company said that the abolition of the company's racing department, announced by him on Thursday, is to be permanent. He also says that the company will not lease wires to pool rooms. The company's branch offices at the race tracks will be maintained for the transmission of such messages as may be offered in the ordinary course of business.

CONVENTION.PROTEST MADE AGAINST THE  
FLARING HEADLINES IN  
NEWSPAPERS.

ST. LOUIS, May 20.—When the second session of the World's Press Convention was called to order today every seat was occupied. Representing the greatest assemblage of journalists from all parts of the world ever before congregated. The opening session last night included many friends of delegates and visitors of honor, but today the convention was attended almost solely by accredited delegates.

John Ferguson, of Ceylon, the first speaker, told of the resources of Ceylon, the progress of newspaper work there and the evolution of the daily paper from the weekly.

William Hill, of the Dispatch, London, spoke of the tendency of the modern newspaper to cumbersome proportions and advocated the trimming of the size and more careful selection of the news matter and other contents of the metropolitan daily. Mr. Hill protested against the flaring headlines of some of the moral dailies, both English and American, and deprecated what he termed the "typographical demonstrations," suit, possibly, he said, upon the idea that "He who runs may read."

The Province of the Magazine was the subject of an address by Dr. Shaler Mathews of Chicago. Dr. Mathews said that the development of literary culture was the distinct province of the magazine.

GARBAGE MEN  
ARE ARRESTED.

Following out the instructions of Mayor Warren Olney to enforce the garbage ordinance, Chief of Police Hodgkins instituted a raid this morning and arrested twenty or more scavengers for depositing refuse on the West Oakland dumps.

In the arrests heretofore made the complaint stated the cause to be collecting garbage. In the present case the charge is that of dumping garbage in the city limits.

LUMBER YARDS  
ARE DESTROYED.

REDDING, May 20.—A fire, believed to have been of incendiary origin, which started at 12:45 o'clock this morning, destroyed the major part of the Redding yards of the Terry Lumber Company. Loss \$12,000, partially insured. The firemen were materially aided in their fight by the sudden shifting of the wind.

# TRIBUNE'S UP-TO-DATE SPORTS

## CLEVER FIGHTERS LOS ANGELES WINS MEET TONIGHT. IN EIGHTH.

CANOLE AND NELSON AT WOODWARD'S WILL PUT UP GOOD EXHIBITION.

CHASE LANDS THE DAY IN GAME WITH CRIPPLED COM-MUTERS.

Tonight at Woodward's Pavilion Battling Nelson, as tough a scrapper as ever came down the pugilistic pike, will meet Martin Canole, the clever and shifty Fall River lightweight, in a twenty-round contest, at the legitimate lightweight limit. The contest will be interesting in a good many respects, and that it will attract a good big crowd is evident from the large number of seats already sold. It will be interesting because the result will establish a man who is very apt to be the champion of that class, some day and then it will show the great difference in the styles of the distinct classes, of pugilists, the boxer and the lighter. It will surely result in a good battle and this too will prove interesting to those who pay admissions to witness the sport.

Canole's cleverness will be pitted against the gameness and strength and hitting powers of Nelson and with the two opposite styles of fighting the outcome is sure to be pleasing. The men are in great condition for the fight and both are trained to the hour and a half weight. The weighing-in will be done at Harry Corbett's will be the scene of the weighing in.

Jack Welch has been selected to referee the contest and his selection meets with the general approval of the public. Welch is a good referee and his decisions have always been fair and impartial. The contestants and their representatives had several conferences over the referee question, neither side caring to accept any one but a fair honest official and the names of Eddie Graney, Arthur Eckert, Phil Ward, Eddie Smith and Billy Roche had been talked about for more than an hour it was finally decided that Welch would be acceptable to both sides and the public as well.

It is the general impression about town that Nelson is going to surprise a good many people by his victory. He is being whispered about very freely that he is being under-rated by Canole and his people and that he will not only beat Canole but will do it decisively. It was said by a few that Nelson was by far the best lightweight that has been sent to the coast for some time and that he will be backed heavily by Chicago sports. Nelson will have to be all that the fact must not be that Canole, but Jimmy Britt had a decided margin over Canole, who was stepped in and slugged and Nelson is nothing but a slugging, so this would make it appear that he has a good chance to win. Nelson's fight in this has always been experienced any great difficulty in landing on his opponents, even though some of them have been very good and have shown good get-away fighters, much the same order as Canole, and this all seems to be in favor of Nelson's chances tonight. He never tires in the fight and the more skillful he gets after his man and the more skillful he gets the harder he fights. Nelson's left jab is the hardest and he keeps stepping in all the time and to him it seems almost an impossibility. It is said of him which he is knocked down he bounces up like with all the ferocious force of a mad bull. If Nelson keeps up his rapid fire at all times, which has marked his battles in the past, and he keeps on with the way of Nelson's blows and in order to win the decision Canole cannot hope to do it by running away. He must step in himself and when he does this will impair his chances for victory for he will throw himself liable to the punches of the sturdy Nelson.

Summing the whole thing up carefully it looks that Canole has no better chance to win than his opponent, but the odds of the bet are in favor of the favorite in the betting, a price that is altogether out of reason; 10 to 8 looks to be the proper betting.

Prior to the main event there will be two good ten-round preliminaries between four of the best of the young men at present on the coast. Jim Howard, who has fought with New York, who has fought some good men through the East, will meet Henry Lewis, the local boy. Howard has a decision over Jack Everhardt and one over Kid McFarland and has fought draws with Sam Langford, who won from Gans Hayward. A likely looking chap and he and Lewis should put up a good mill. The other bout will be between George Herbert, who is under the care of Tim McGrath, and Frank Spider Kelley. The latter will be in Herbert's corner. This contest will be a good one too and should excite a good deal of interest among the voters in the gallery.

The followers of the Oakland percentage column are beginning to get dizzy. One day the Lohmanites are at the top and then comes along Seattle and spoils all kinds of hopes. Wednesday Oakland went to bed with pennant ghosts hovering above and today she wakes up with a nightmare hanging around.

Chase was the boy that got things together, the eighth and although the Commuters were in the lead in this period and it looked like a leather covered dinch and doing a good pace for a two-year-old when Chase came to the point. He got a clean start and began to run for a three-bagger that was pacing him around the base. Then the Angels descended upon the hosts gathered around and batted all sorts of commutations. Los Angeles made three in this inning and the game was over as far as crossing the rubber was concerned.

Los Angeles started out with a run and Oakland had nothing but a circle to record. Again in the third the Angels crossed the rubber with a tally. In the fourth the Oakland batsmen woke up and tied the score and followed in the fifth with a run, leading by a margin of one. Then the battle of the pitchers began. Not a man was able to find the long-home until the eighth when Chase started the assault. Rose walked to the first base and Chase slammed out for more. Spies batted a fly and Frank and Kruger looked at each other for the high sign. The ball was caught by the high sign. Chase scored. Spies scored the second and slid home on his proboscis. Hall made a double, scoring Wheeler. Graham pitched a steady game, and notwithstanding his sore wrist, stood out the battle. Hall was up to form in the ninth. Both Graham and Hall were up four times and each scored a run and neither made an error. The Angels got seven hits off Graham and the Lohmanites nearly scored four times by securing ten base hits off Hall.

It was a good game throughout. Grandpa Pete was in the bench and cheered that he was only a spectator. McDonald umpired and the decided change was satisfactory to both sides.

LODGE WHIST TOURNAMENT.  
Piedmont Lodge No. 172, K. of P., will give a monster whist tournament on Monday evening, May 23, at the large hall (first floor) of Pythian Castle, corner Twelfth and Franklin streets. This tournament is for the benefit of a sick brother knight, who was sent to Prescott, Arizona and who is in need of assistance. The lodge knowing this to be a worthy cause, has undertaken the task of lightening the brother's burden. Valuable prizes will be offered and other amusements have been programmed. This is the first time in the history of Piedmont Lodge that an admission fee will be charged for in the past their affairs have always been by invitation.

Judging from the way tickets are being called for, a large crowd can be anticipated. Tickets at 25 cents can be secured from any keeper of records and seats. The members of Loyal Temple No. 47 Rathbone sisters have kindly volunteered to act as scorers and otherwise assist.

## PIEDMONT WINS WHAT YACHTSMEN PORTLAND TAKES A GAME.

CLASS B. ARE DOING.

OAKLAND'S CLEVER BOWLERS MAKE GREAT SHOWING IN RECENT TOURNAMENT.

Among Oakland athletics in almost every branch there have shown up men who have been among the top-notchers if not at the very top of the ladder of athletes. The most recent good showing in this line was that made by the Piedmont Bowling team in their recent contest on the alleys across the bay.

The Piedmonts won the Class B tournament against some of the crack bowlers of the vicinity.

In the individual averages the Piedmont team stands way at the top only being beaten out by Aldridge, the Crescent Club's crack. Merrill of Piedmont comes second in the individual with the high average of 174 37-59. Kelton is second with 173 46-66. Barnett and Parker have good averages and are nearly tied, the former having 166 34-66 and the latter 165 45-62. This is an excellent showing for the Oakland bowlers who have worked hard and faithfully to uphold the Oakland end of their branch of sports. Some two more matches may soon be arranged between some of the high men in the list who participated in the recent tournament to decide who is the best of the individual two-team bowlers. It will probably be arranged between two of Oakland's best bowlers and two men from San Francisco.

The names of the competitors, the club they represent and their averages are given below. These are for Class B.  
Piedmont Club—Won 46; lost 14; percent 766; team average 164 74-330.  
Crescent Club—Won 45; lost 15; percent 760; team average 165 204-330.  
Standing of individuals who participated in fifty games or over—Aldridge (Crescent), 182 2-97; Merrill (Piedmont), 174 37-59; Kelton (Piedmont), 173 46-66; Browning (Old Crow), 172 56-60; Williams (American Srs.), 171 43-57; W. STREET COMMITTEE FAVORS PETITIONS ASKING FOR IMPROVEMENTS.

The petition to grade, curb and macadamize Adeline street from Temescal Creek to northern boundary of the city was recommended at a meeting of the Street Committee last night.

A petition to establish grades on Newton avenue and Bay avenue was recommended.

The petition of T. Garcia for a sewer in thirty-fourth street was laid over. It was recommended that Sixty-fourth street be macadamized between Tenth street and San Pablo avenue.

The resolution authorizing the re-paving of East Fourteenth street and East Fifteenth street was recommended.

The committee recommended putting a sewer in Alcatraz avenue from Colby avenue to the county line.

The resolution adopting plans and specifications to sewer Moss avenue was referred to the City Engineer.

The petition for severing Fifty-first street from Telegraph avenue to Maple street was recommended.

The resolution authorizing the re-paving of East Fourteenth street and East Fifteenth street was recommended.

The committee recommended putting a sewer in Alcatraz avenue from Colby avenue to the county line.

The resolution adopting plans and specifications to sewer Moss avenue was referred to the City Engineer.

The petition for severing Fifty-first street from Telegraph avenue to Maple street was recommended.

## WHAT YACHTSMEN PORTLAND TAKES A GAME.

CLASS B. ARE DOING.

OAKLAND'S CLEVER BOWLERS MAKE GREAT SHOWING IN RECENT TOURNAMENT.

Among Oakland athletics in almost every branch there have shown up men who have been among the top-notchers if not at the very top of the ladder of athletes. The most recent good showing in this line was that made by the Piedmont Bowling team in their recent contest on the alleys across the bay.

The Piedmonts won the Class B tournament against some of the crack bowlers of the vicinity.

In the individual averages the Piedmont team stands way at the top only being beaten out by Aldridge, the Crescent Club's crack. Merrill of Piedmont comes second in the individual with the high average of 174 37-59. Kelton is second with 173 46-66. Barnett and Parker have good averages and are nearly tied, the former having 166 34-66 and the latter 165 45-62. This is an excellent showing for the Oakland bowlers who have worked hard and faithfully to uphold the Oakland end of their branch of sports. Some two more matches may soon be arranged between some of the high men in the list who participated in the recent tournament to decide who is the best of the individual two-team bowlers. It will probably be arranged between two of Oakland's best bowlers and two men from San Francisco.

The names of the competitors, the club they represent and their averages are given below. These are for Class B.  
Piedmont Club—Won 46; lost 14; percent 766; team average 164 74-330.  
Crescent Club—Won 45; lost 15; percent 760; team average 165 204-330.  
Standing of individuals who participated in fifty games or over—Aldridge (Crescent), 182 2-97; Merrill (Piedmont), 174 37-59; Kelton (Piedmont), 173 46-66; Browning (Old Crow), 172 56-60; Williams (American Srs.), 171 43-57; W. G. Smith (Old Crow), 170 42-57; Barnett (Piedmont), 166 34-66; Parker (Piedmont), 165 45-62; Lawton (Olympic), 165 5-65; Friend (San Francisco No. 2), 164 38-63; Peterson (Rococo), 164 7-54; Gestlich (Crescent), 163 45-58; McMullen (Columbia No. 1), 152-60; C. G. Smith (Old Crow), 162 12-57; Kruse (Rococo No. 2), 162 1-62; Telger (American Jr.), 161 46-60; Adler (Crescent), 161 26-51; Kasser (San Francisco No. 2), 160 7-69; Nelson (Rococo No. 2), 158 28-60; Jones (Old Crow), 158 6-51; Tresselt (San Francisco No. 2), 157 4-43; Kersling (American Jr.), 156 50-57; Green (San Francisco No. 2), 156 42-52; Cavanaugh (Rococo No. 2), 156 38-63; Schatzner (San Francisco No. 2), 155 17-55; Schuler (El Dorado), 154 1-57; McConnell (Olympic), 153 1-56; Beebe (Columbia No. 1), 152 42-52; Iammie (Olympic), 150 46-55.

**DECIDE AGAINST PROTESTS.**  
STREET COMMITTEE FAVORS PETITIONS ASKING FOR IMPROVEMENTS.

The petition to grade, curb and macadamize Adeline street from Temescal Creek to northern boundary of the city was recommended at a meeting of the Street Committee last night.

A petition to establish grades on Newton avenue and Bay avenue was recommended.

The petition of T. Garcia for a sewer in thirty-fourth street was laid over. It was recommended that Sixty-fourth street be macadamized between Tenth street and San Pablo avenue.

The resolution authorizing the re-paving of East Fourteenth street and East Fifteenth street was recommended.

The committee recommended putting a sewer in Alcatraz avenue from Colby avenue to the county line.

The resolution adopting plans and specifications to sewer Moss avenue was referred to the City Engineer.

The petition for severing Fifty-first street from Telegraph avenue to Maple street was recommended.

The petition to improve East Fourteenth street was referred to the Independence Square Improvement Club to obtain the sanction of a majority of property owners.

The petition of W. B. Thomas for a sewer on Forty-ninth street from Telegraph avenue to Cherry street was recommended.

The petition of the Ransome Company to grade, curb and macadamize Thirty-seventh street between Market and the north boundary line was recommended.

The petition to establish grades on Newton avenue and Bay avenue was recommended.

The request of Lizalie Reiley for the postponement of sidewalks on Fifty-sixth street between San Pablo avenue and Lowell street was referred to the street superintendent to report on.

**PROTEST OVERRULED.**  
The protest of H. M. Boehmer against grading, curbing and macadamizing East Eleventh street between Fourth avenue and second avenue was overruled. Both Councilmen Aitken and Wallace said it was absolutely necessary that the street be improved. The railroad company will have to stand half of the expense.

The petition of C. W. Fowler and others for the macadamizing of Sherman street was favorably passed on.

The petition to macadamize Sixty-fourth street was recommended.

**RECOMMEND SIDEWALK.**  
The protest against the sidewalk of Monte Vista avenue was overruled and the sidewalk was ordered laid for 105 feet on that street.

## BRITISH STEAMER WRECKED.

**Fourteen Men Go Down With the Vessel.**

NORTH SYDNEY, C. B., May 20.—The British steamer Turret Bay, bound from London for St. Lawrence ports, was wrecked today at St. Paul's Islands, about fifteen miles north of this island. Only nine of the twenty-three men carried by the vessel were saved. The Turret Bay carried freight. It is understood that no passengers were on board. The vessel was of 2212 gross tons. She was built at Newcastle in 1894. She was coal laden for Montreal from Sydney.

## SCHOOL MONIES ARE AWAY SHORT.

The School Department is much concerned over the fact that owing to the amount of delinquent taxes the school fund is short \$19,763 of the amount calculated. Owing to the large increase in the assessment, Superintendent of Schools Crawford reduced the rate from 24.55 a pupil in the County School Fund to 24.44 and now that the delinquency has occurred this shortage will be increased before the year is out.

When it comes to apportioning the State school monies this shortage will nearly double itself and it is feared that the smaller districts will feel the effect of the shortage very seriously. The taxes are delinquent over \$1,000,000. The city of Oakland will be affected on account of this shortage to the extent of about \$8,000.

## MISS HILDA NEWMAN PASSES AWAY.

Miss Hilda Newman, daughter of Mr. and Mrs. George H. Newman of 88 Hamilton place, died this morning at the home of her parents. She was an accomplished musician, having studied in Germany and also having taught music in New York up to two years ago, when she suffered from a nervous collapse. She leaves three brothers, Dr. A. Newman, who is now in Japan, Dr. H. C. Newman and Lester Newman of this city. The funeral will be held from the family residence.

## JACK MUNROE IS HERE.

**DECLARES HE BELIEVES HE CAN DEFEAT JEF. FRIES.**

SAN FRANCISCO, May 20.—Jack Munroe, the pugilist, arrived here today and will at once go into training for his contest with Champion Jim Jeffries, which is scheduled for June 17. He expressed himself as confident of victory.

**CHIMNEY ON FIRE.**  
The chimney of the house of F. Chase, at the end of Eighteenth avenue, caught fire today, but no damage was done, as the department responded quickly to the call.

## BANDITS WILL GET MONEY.

**Americans Will Soon Be Released By Bold Robbers.**

PARIS, May 20.—The French government does not intend to send a warship to Tangier or otherwise intervene in connection with the capturing of Messrs. Perdicaris and Varley by brigands. The right of France to intervene would raise a direct issue with Sultan of Morocco concerning the exercise of police powers.

Moreover, the government's advice is that Mohammed el Torres, the representative of the Sultan at Tangier, will meet the brigands' demands in order to secure the release of the prisoners. Unofficial advice says that Mohammed el Torres has already recalled the Moorish troops as the brigands demanded.

## FILIPINOS TO SEE COUNTRY.

**THEY WILL BE SHOWN THE SIGHTS IN PRINCIPAL CITIES.**

HONOLULU, May 20.—The steamship Siberia arrived here this morning from Yokohama, and will proceed tomorrow noon for San Francisco.

Among her passengers are Arthur W. Ferguson of Washington, D. C., and a party of fifty of the most prominent natives of the Philippines. The Philippines include the commissioners to the St. Louis Exposition; eight provincial governors and four ex-governors.

Arthur W. Ferguson went out to the Philippines as secretary to the Taft Civil Commission. The party of Filipinos referred to in the above dispatch is in his charge. It is sent to the United States at the expense of the Philippine government to study American methods and institutions so that the members may impress their fellow countrymen upon their return home with the truth of American civilization. They will visit the principal cities of the United States and spend some time at the National Capital.

## STRIKERS DRIVEN AWAY BY TROOPS.

TRINIDAD, Colo., May 20.—Nearly all the striking miners, seventy-nine in number, were driven from Ludlow to this city, a distance of twenty miles, by cavalry troops yesterday, have been released after having been registered by the military authorities. Several of the men, being weak, were made ill by the long march and one dropped by the roadside exhausted.

**DEATH OF J. B. McFADDEN.**

Charles J. Dwyer, residing at 1012 Wood street, this city, died today in San Francisco at the Southern Pacific Hospital from an operation for appendicitis. He leaves a widow.

## RETREAT OF THE JAPANESE.

**How the Russians Defeated Them on Mukden Road.**

ST. PETERSBURG, May 20, 6:40 p. m.—Following on the heels of the news of the disaster to the Japanese fleet, the General Staff today received official advices of the defeat of the Japanese force which was marching northward from Feng Wang Cheng for the purpose of executing a flank movement on Mukden.

Details of the dispatch will not be made public until it has been passed by the War Commission, but enough has been communicated to the Associated Press to make it clear that, in order to save themselves from destruction, the Japanese were compelled to retreat towards Feng Wang Cheng. Since Gen. Kuroki sent a column northward to gain the road leading directly west from Mukden, Gen. Kuroki's plan has kept the closest surveillance, awaiting the moment when it should be so distant from the main Japanese army as to prevent its easy reinforcement.

In observing this plan the Russians withdrew and the Japanese, not finding a strong force of the enemy before them, continued to advance. When the time for action came Gen. Kuroki's plan was somewhat late. The Japanese were somewhat late in their attack, and the Russian reinforcements from General Kuroki, who were immediately advised of the Russian retreat, were somewhat late.

On May 18 he fell on the enemy, whose number has not yet been revealed, with such vigor as to compel the Japanese to retreat 2 miles toward the base, near enough, it is presumed to have received reinforcements from General Kuroki, who was immediately advised of the Russian retreat, were somewhat late.

The General Staff believes Gen. Rennenkampf's attack must have been in the nature of a thunderbolt. He is a man to attack quickly and hard, once given the opportunity, and his men, veterans of the Chinese campaign, had been selected for this purpose because they knew what it was to be under fire. The casualties sustained by the opposing forces have not yet been announced.

## CHILDS ON TRIAL FOR BURGLARY.

The trial of Harry Childs, charged with burglary, was taken up today by Judge Ogden after the calling of his calendar in his own department. The criminal department is temporarily left without a judge owing to the absence of Judge Hall in St. Louis where he is attending his son, who is ill. The different judges are supplying his place. Childs is believed to be responsible for a number of burglaries committed in this city and Alameda. A companion of his and a fellow prisoner in San Quentin by the name of Charles Johnson, who was charged with the same offense, is being held in the same cell as Childs. Johnson is believed to be a helper of Childs in his burglaries. Childs is represented by Attorney A. M. Smith, who is conducting the testimony produced against the prisoner.

## MATTERS BEFORE PROBATE COURT.

J. M. Mannion Jr. was appointed administrator of the estate of the late George Morrow this morning by Judge Greene. The appointment was made at the request of the Palomares Land Company, which is a creditor of the estate. The estate of the late George Morrow has been appraised at \$2500. The property consists of a lot in Berkeley at Ellsworth street and Washington way. The estate of the late George C. Hickox has been appraised at \$2152.17 and a petition has been filed for the distribution of the estate. Petition for letters of administration on the estate of the late Edward H. Congdon was filed today by Merion Congdon, who states the value of the property does not exceed \$1000.

## NON-UNION MEN WILL NOT WORK.

STOCKTON, May 20.—Work in the mills and warehouses here is practically at a standstill. The score of non-union men put to work yesterday have all quit but three, and they will cease work, so the strikers say, as soon as they earn their passage home. They declare they came here on the representation that there was no trouble. Some of the non-union men were trucking grain in the Union mill this morning, but there is no work being done in the warehouses. All the mills and warehouses are picketed by strikers, who say there will be no violence whatever.

**GOVERNOR PEABODY SAYS LABOR STRIKES ARE AN END.**

PITTSBURG, May 20.—Governor Peabody of Colorado, replying to a telegram from the National Association of Manufacturers in session here this week, commending him for his stand during the recent labor troubles in this State, says:

The labor strikes in Colorado are ended, save a slight rebellion led by professional agitators. Law and order has been re-established and obedience to our constitution and laws must and shall be maintained. The principle of guaranteeing to every citizen of Colorado the right to labor in a lawful manner without fear of intimidation or violence will hereafter be maintained by the people of this State.

## FIVE YEARS HIS SENTENCE.

SAN FRANCISCO, May 20.—William M. Kratz, whose misdeeds wrecked the Donatist, Kratz Company of commission merchants, was sentenced this morning to five years in San Quentin prison. The crime for which Kratz was convicted was felony embezzlement. His brother, A. A. Kratz, is awaiting trial on the same charge. The amount embezzled from the company was \$16,542.45.

The Kratz brothers were partners in the corporation named William M. Kratz collected a large amount of money due the company and fled, but was caught in Kansas City and brought back to stand trial.

## SAN LOUIS WINS THE DAY.

BAKERSFIELD, May 20.—San Luis Obispo won in a walk in the contest for the honor of entertaining the next session of the Grand Lodge of Knights of Pythias. Headsburg was intending to enter the race for the honor, but the last moment withdrew so the only opposition to San Luis Obispo was the usual motion to amend the resolution by inserting the words San Francisco. This motion was voted almost unanimously.

**TABLE DECORATIONS.**  
Wee buds that have not begun to unfold, with just a dash of color showing amid the green, are an exquisite novelty in table decorations designed for a function where a debutante is the guest of honor. Pink roses, pink peonies, and the softness of their foliage are wonderfully effective. Let the woman who wants a distinctive note in her floral decorations try some of the Japanese iris. This is not the short-stemmed flag beloved of our grandmothers, but an improved variety with stalks two and three feet tall and in this is an advantage in these days when fashion recognizes the tall and slender. The iris has a charming effect in a tall clear glass vase, one with a curling-over lip, place six or eight of the blossoms. Stand this on a table mirror. Among the iris place sprays of slimy asparagus ferns letting some of the ferns rise above and partly veil the iris and allow others to droop over the curling edge of the vase and see what a charming effect is had.

## WILL VOTE JUST LIKE THE MEN.

**Women in St. Louis Decide to Use the Ballot Box.**

ST. LOUIS, May 20.—In the convention of the General Federation of Women's Clubs today the first order of business was the consideration of the report of the Committee on Nominations.

A substitute for the recommendation of the committee on the methods of election providing that ballot boxes be used instead of sending individual ballots to the platform to be counted by tellers there caused a storm of objection.

The substitute provided for an oral vote by States, the ballot of each delegation being announced from the floor by the State Federation presidents. The substitute for the amendment was defeated and the amendment providing for the use of ballot boxes was unanimously carried.

## GIVES UP THE PICTURES.

**DOCKSTADER DOES NOT WANT TO RUN AGAINST THE POLICE.**

NEW YORK, May 20.—"Lew" Dockstader, the minstrel, today turned over to the police the moving picture films that were used in a camera yesterday in the Capitol grounds at Washington when photographs were made of a man made up to represent President Roosevelt extending aid to a negro lying on the ground.

The films as yet are undeveloped. Dockstader's police followed a visit from a police inspector after a secret service officer from Washington had made a call at the detective bureau and stated that the Washington police wished the films.

"I wished the pictures for a new 'monologue,'" said Dockstader after leaving the inspector's office, "and I am sorry that the police should have caused such a commotion."

## COFFIN ROBBERS ARE CAPTURED.

ALBANY, N. Y., May 20.—A large quantity of jewelry, undoubtedly that which had been taken from the coffin of "Lady Mary" Livingston in the recent mysterious raid upon the Livingston family tomb, and valued at thousands of dollars, has been found by the police in a raid upon the "Growler Gang," in a low resort in South Lansing street.

Thomas King and others arrested, claimed by the police as "hoboes," who refuse to give any place of residence, had the jewelry upon their persons and concealed about the house.

The Livingston vault was entered one night several weeks ago and the coffin of "Lady Mary" Livingston broken open.

**HOW THINGS WERE.**  
Dr. Seward Webb was one of a party of friends who listened to some tall tales from a young braggart. Then Webb told of an adventure he had with a grizzly. It happened in the Rockies, and culminated in the doctor being left defenseless on the edge of a high cliff, overlooking his tomb, and falling—dead.

The bear only six feet away. When he had reached this point in the story Dr. Webb paused and appeared to have finished. Then the imaginative young man, who had been listening pop-eyed, broke in: "Webb, by his side, 'What happened?' Dr. Webb, replying seriously, 'Then the grizzly devoured me.'"

A southern story is going the rounds with the mountains of Virginia as the setting. A revivalist who was holding meetings there met a man and asked him to attend service that evening. The man refused to promise, and the preacher said, "My brother, don't you ever pray for a rabbit's foot."

Champ Clark of Missouri attended exercises in a kindergarten school the other day. "Have any of you ever seen an elephant's skin?" Mr. Clark asked his youngsters. "I have," shouted one little fellow. "Where?" asked Mr. Clark, impressed with the youngster's earnestness. "On the elephant," he answered.

## RAILROAD STATES CASE.

**Neither Harriman Nor Hill Appeared in Court.**

NEWARK, N. J., May 20.—The case of E. H. Harriman and Winslow Pierce against the Northern Securities Company and the Northern Pacific Railway, being a petition for an injunction to prevent the carrying out of the plan for the distribution of railroad stocks held by the Securities Company, was called before United States Judge Bradford.

This suit is similar to one heretofore dismissed by the United States Circuit Court at St. Paul, the Northern Pacific, however, having been made a co-defendant in the present action.

Neither Mr. Harriman nor President Hill of the Northern Securities Company were present when the case was called. Attorney Thatcher was present, representing the Oregon Short Line bondholders, to protect against the suit on the ground that the trustees of that line, who had been named in the petition, had no right to interfere with the plan for distribution of Northern Securities assets the bondholders insisting that the plan proposed was perfectly just and equitable.

## WILL BE AGENT FOR RAILROAD.

SALT LAKE CITY, May 20.—Effective June 1, it was announced at Oregon Short Line headquarters today, that David R. Gray of Salt Lake will be appointed district freight and passenger agent of the Oregon Short Line, with headquarters in this city. Mr. Gray's territory probably will include Utah and the Union Pacific and Southern Pacific from Reno to Green River. H. O. Wilson of Butte will be given a similar title for Montana and P. H. Maisted of Boise for Idaho.

## OAKLAND TRIBUNE

Tribune Publishing Company.

William E. Dargie, President.

## The Sacramento Platform

The Sacramento platform requires neither explanation nor interpretation. It speaks for itself in clear unmistakable language that admits of no misconstruction and is characterized by no subtle qualifications or evasions. Its forthright declarations are in striking contrast to the prolix subtleties and declamatory platitudes of the platform promulgated by the Democrats at Santa Cruz.

Passing by the warm and deserved endorsement given the President, Governor Pardee and Senators Perkins and Bard, the platform reaffirms adherence to the principles for which the Republican party has stood since its foundation—sound finance, progressive administration, protection to domestic industry, enlightened development of the nation's latent resources, equal rights and untrammeled opportunity, the building up of an American merchant marine and a broad firm foreign policy. This is simply a pledge that the record of achievement will be maintained, that the promise of the future will be the fulfillment of the past. The aims, objects and achievements of the Republican party are expressed in this single comprehensive paragraph, on which a confident appeal can be made to the intelligence and patriotism of the Republic.

"We here reaffirm our fight in those principles and policies. We declare in favor of continued protection to American industry and labor, a sound system of finance; the building up of an American merchant marine, that our carrying trade be under our own flag, a navy ample for all purposes of offense and defense and its construction in part at government navy yards; the immediate construction of the Panama canal, the continuance of the policy of Chinese exclusion; the complete protection of every American citizen in his constitutional rights everywhere, the improvement of the navigable streams of the United States and all necessary appropriations therefor, and the policy of national expenditures for the preservation of our forests and the reclamation of the arid lands and the work now being inaugurated by the National Administration to that end."

When the rights of the citizen, as well as the public domain and the navigable waters, are fully protected there can be no question of trust and corporate discrimination. The Republican party has met and solved every problem of government that has been presented since it took the reins of power in 1861. It has grappled with slavery, disunion, repudiation and polygamy, and successfully overthrown them. It has cemented the bonds of the union, given it a firmer tone to national authority and inculcated a broader patriotism; expanded its commerce and jurisdiction, and magnified its power and influence abroad. It has brought peace and order at home and maintained peace with honor and prestige in our national intercourse with foreign nations. The scheme of Republican policy has tended to repress disorders of every kind and to abate discontent by removing their causes, chief of which are the poverty resulting from low wages and the grievances arising from paralyzed industry.

The history of the Republican party is one of performance, of which the party in California is justly proud. This pride is given eloquent but restrained expression in the Sacramento platform—a document that is instinct with the genius of Abraham Lincoln, Ulysses S. Grant, William McKinley and Theodore Roosevelt.

## Salad Dressing for Lobsters

Judging from the following comment of the Colusa Sun, the criticisms recently published in THE TRIBUNE regarding the unfortunate location of the State Polytechnic School have created something of a commotion in San Luis Obispo.

"Some days ago we made some quotations from the OAKLAND TRIBUNE in which it was said that the Polytechnic School at San Luis Obispo was a failure. We agreed with the views of THE TRIBUNE as a matter of course, for we did not pretend to know the facts, but we thought we could see a reason why such a school should be located near some city. We thought that way before this particular school had existence. Now comes the San Luis Obispo Tribune and declares that the school is not a failure. We shall certainly be glad to know that this is a success, and we are sorry that the San Luis Obispo editor did not answer the Oakland editor, and show wherein he was mistaken. Instead of being content to call the Oakland man a 'lazy lobster' and those editors who seemed to agree with him 'husky newspaper hulkers,' now, that Oakland chap is not the kind to be handled in that way. We have had hold of that 'lobster' on several occasions, and we try not to poke him unless we are 'spilled for a fight.' It would have been much better for the school had its defender defended instead of being satisfied with calling names. While we made some comment, we do not enroll ourselves among the 'husky hulkers' and hence take no offense. And certainly all our good wishes go out to the school."

We do not enjoy the extreme pleasure of having the San Luis Obispo Tribune for an exchange and hence would have remained in ignorance of its chaste and refined manner of presenting criticism of the Polytechnic School but for the kindness of our Colusa contemporary. The language of the San Luis Obispo editor is indicative of his character and attainments, we presume, and as he is doing the best he can, we have no inclination to shoot. Besides, self-respect forbids one to exchange compliments with a skunk.

Now the facts on which THE TRIBUNE'S criticism was based were all quoted from an official report issued by the school authorities. If there is any error in the facts set forth the fault is not ours. The plain fact is that the roster for the third year since the school opened shows a total student attendance of twenty and one teacher to every three pupils tells its own story. No amount of "lobster" dressing can twist this into an evidence of success. It cost the State a large sum to erect and equip the Polytechnic School, it costs a large amount annually to maintain it. The school was intended for the State at large yet the attendance is meager and local. If a State institution of this character with seven instructors and twenty-one students is a success then a new definition must be found for failure. But perhaps the San Luis editor has no more conception of the difference between success and failure than he has of good manners.

The Japanese are now having their turn at accidents. Within the last ten days they have lost four warships—one battleship, two cruisers and one torpedo-boat—by accidents. One was sunk by being rammed by another vessel, and the other three were destroyed by accidental contact with mines. The destruction of a battleship crushing nine knots off shore gives a hint of the perils the modern ship of war braves in approaching a hostile port. Floating contact mines can be placed in the water and allowed to drift out with the tide to the cruising ground of a blockading squadron. There is no protection against such weapons of warfare. Each successive development of the present war tends to minimize the value and importance of the modern ironclad man-of-war.

The German Kaiser and the British King neglected to condole with the Mikado of Japan on the accident blowing up of his battleship. Was this an oversight?

## Politics in the Labor Unions

John Mitchell, who has a clear head and a well poised judgment, deprecates the importing of politics into the labor unions. His reasoning is sound, but how about the unions going into politics? It will be impossible to keep politics out of the unions if the unions persist in going into politics. The moment the labor organizations resolve themselves into a class party, then contentions over purely political questions will arise, the aspirations of rival leaders will provoke dissensions and factional disturbance. It is with the unions the same as the saloon. When politics is taken into the saloon the saloon goes into politics. The rule holds good with respect to the churches. In advising his followers to keep politics out of their organizations Mr. Mitchell, in effect, advises them to keep the unions, as such, out of politics. It will not suffice that union men do politics under pretense that their organizations are not responsible so long as they assert that the party they affiliate it with is organized to promote the cause of union labor and to secure the united action of union labor men in politics. As a result of the unions going into politics we see their organization in San Francisco dominated by a professional politician who has neither affiliation nor sympathy with the objects of labor organizations. What this sort of leadership inevitably tends to is set forth in the lessons of experience. The tendency is no better for politics than it is for organized labor or for industrial peace. The objects of labor organization are prostituted to venal politics, and labor questions are agitated with an eye to political effect rather than to promote the welfare of workingmen. The labor leader who goes into politics is a politician like every other politician. He desires to serve his ambition or promote his financial interests, and this desire naturally subordinates the interests of labor to the interests of the individual.

## LET'S BE CONSISTENT

The radical temperance advocates who are declaring war on the grape because wine is made from it, will, if they are consistent, have to put the potato under the ban also. Germany is the greatest alcohol producing nation in the world, and practically all the alcohol produced in that country, save that contained in beer, is distilled from potatoes. In this country the bulk of the whiskey distilled is made from corn. The enemies of the grape should also cry "down with corn and potatoes."—Oakland Tribune.

Well, let's be consistent while we are about it and add brier to the list also, which cereal is grown extensively in Colusa county by some of the most "radical temperance advocates" and by them sold for brewing purposes. Consistency is a rare jewel and but few persons seem to hold possession thereof.—Colusa Herald.

## Hints for the Ladies.

The lingerie cotton shirt waist is the favorite of the season.

Tucked parasols of rain and shine silk are the craze of the season.

Natural-colored linen, with touches of red cord makes a stunning combination.

Eton or twenty-four-inch jackets are the correct accompaniment of the walking suit.

Soft taffeta silk, mohair and linen are the fashionable stuffs for shirt-waist suits.

Instead of the ruff, it is the cape of chiffon or lace that Mme. La Mode favors now.

Separate waists of messaline in white and pastel shades are the exclusive thing at present.

Not every type of woman could wear the extremes in style, and of these there are not a few.

Elaborately trimmed with lace and embroidery, linen frocks will serve for any purpose before 6 o'clock.

The habit coat is the newest notion in tailor gowns in Paris at present, and it is predicted will soon be with us.

White leather bags with braided handles of self material and gilt fittings are among the latest comers in leatherdom.

Roses of diminutive size are especially the favorite blossom, for they are conspicuous on every style of hat clusters.

Many of the best toilets for elderly women are in black and white, rose Du Barry, taffeta, perverche blue and palest lemon.

The poke bonnet has arrived, but a decidedly swaggy twentieth-century affair that puts the scoop worn by the women of the '60s in the shade.

Taffeta coaching parasols applied with velvet bands, such as parrots, canaries, etc., with plumage of brilliant hue, are gaudy novelties on view in the shops, but few women will have the courage to carry one.

Onions will help you to sleep and, should they fall, partake plentifully of that tempting lettuce.

Salt and water form a good emetic in cases of poisoning. Mustard is also an emetic, but it is not the thing if the mouth and stomach are tender.

Four croup and other conditions of the throat demanding a strong stimulant no domestic remedy is better than a poultice of cold, finely minced raw onions. It should be inclosed in thin muslin and be well covered in. It may be kept in position for hours. Raw onions used in this way will be found excellent for joints affected with rheumatism.

"One reason manure has been kept unusually busy this winter," said the girl who was manipulating the file, "was the prevalence of severe colds. Two-thirds of the people in town have had a bad cold in the head or on the chest about half the winter. Nails grow more rapidly when the system is saturated with grip microbes, so the public infirmity has contributed to our prosperity."

When finger-nails break, with moistened pumice stone remove all jagged and rough parts. Then dip the fingers into a warm and very strong solution of gelatin. Cover with linen and protect by finger stalls or gloves. Repeat the dipping nightly and keep covered during the day. It is best to dip the fingers into warm water for a few minutes before removing the dressings. The treatment must be carried out during many weeks.

Honey and flaxseed, sugar and lemon combine to form one of grandmothers' most delicious home-made medicines. The very mention of the

ingredients sounds good and it is as healing as it is pleasant to take. It is a good old-fashioned cough cure. Covers two ounces of flaxseed with a quart of boiling water, add a quarter of a pound of sugar and a pint of strained honey and the juice of three lemons. This may be taken freely in cases of cold or grip until the cough is relieved. It is one of the best cough medicines known.

## SOME PASSING JESTS.

Autopsia. "Herbert has been running an auto so long that he had forgotten all about horseback riding."

"What did he do when the horse balked?"

"He crawled under it to see what was the matter."—Cleveland Plain Dealer.

Stubborn. "Did you ever get into an argument with him?"

"Yes, indeed."

"He's quite dogmatic, isn't he?"

"Oh, positive but dogmatic."—Philadelphia Ledger.

The Merry Wag. "That pugilist has managed to make a lot of money in spite of his ignorance of the science of hitting."

"Yes," answered the merry wag, "he is what might be called penny wise and pound foolish."—Washington Star.

Looking Out for Himself. "Mister William, we don't you run for president?"

"You think I'd make a good one?"

"I dunno 'bout dat, sah, I wuz only thinkin' what I'd charge by de day ter vote fer sich a high office!"—Atlanta Constitution.

A Redeemer in Virtue. No man that live is wholly bad. Thus you will often meet

A man whose heart is very hard, But who has tender feet!—New Orleans Times-Democrat.

Not "Busted." Bill—"I hear Willie had his picture taken in his automobile."

Jill—"Is that so?" was it a bust picture?"

"No, they hadn't started up the motor yet."—Yonkers Statesman.

### Special Silk Sale Opens Tuesday Morning

This will be an exceptional opportunity to secure high-grade colored and black silks at greatly reduced prices. See details Monday night's advertisement.

# The Store Where All Can Feel at Home

is the bigger Lace House. Years ago when our store was a very modest-sized place everybody felt at home—couldn't help it. Then it grew more and the same feeling prevailed. About a month ago we invited you to the greater Lace House of today, and already our thousands of customers are repeating the same old story—"everything is so homelike in this store."

Nor have we any other ambition than to keep it such. We want it to be your store, where your interests will be protected, your comfort studied—where you may come because it is pleasurable and profitable to come. No matter how big the H. C. Capwell Co.'s Lace House may become—and it's a long way from its limit—it will never grow greater than the principles upon which it is founded.

Now, after the philippic, the specific:

# TRANSIT FRANCHISE MAY BE ILLEGAL.

## F. E. Chapin Through His Attorney, Points Out Alleged Irregularities.

At a meeting of the Auditing and Finance Committee of the City Council last night, Attorney George M. Shaw raised a point in the matter of granting a recent street railway franchise to J. H. Macdonald which casts a shadow on all the franchises for railroad purposes which have been granted during the last few years.

F. E. Chapin, the street railway magnate, who was the assignee of Macdonald asked that \$5,500 which he bid for the franchise be refunded to him or the ground that all of the proceedings of the Council were illegal.

"The charter provides," said Attorney Shaw, "that notice shall be given for twenty days by publication in this instance notice was given by but ten days publication. This being the fact the Council could not acquire jurisdiction and hence the franchise is void. The bidding for the franchise was irregular in its procedure. The bid should have been made by making them a certain percentage of the gross receipts instead of a lump sum. Mr. Chapin holds that the franchise is void and that it would not be of service to him although he has paid \$5,500 for it. Mr. Chapin wants this franchise as he also wishes others. He wants legal franchises, however, and is willing to bid for them."

Councilman Pendleton—Would you stand ready to give the city \$5,500 for the franchise providing it is drawn up in accordance with your wishes?

Shaw—This could not be done. You would have to begin the proceedings all over again.

Councilman Wallace—This then, you doubt on the part of the city, the Oakland Transit Consolidated?

Shaw—Under our contention it does. They were granted by the same proceedings as in the present case.

Pendleton—If you will guarantee to pay \$5,500 for the franchise in event it is given to you in legal shape?

Shaw—As to that I cannot say. The committee decided to lay the matter over for further investigation.

NEW STREET RAILWAYS  
After the committee had adjourned Mr. Shaw was approached by a TRIBUNE reporter and asked as to the plans of Mr. Chapin as to building competing car lines in this city.

"I am not at liberty to say more than I said in committee," said Mr. Shaw. "I can only state that it is Mr. Chapin's intention to purchase more franchises. The reasonable inference would then be that the franchises would be used for car lines."

"That is certainly a reasonable inference," replied Mr. Shaw. Attorney Engs, who was before the committee on behalf of the Oakland Transit Consolidated, declined to give his opinion on the alleged illegality discovered by Mr. Shaw.

"I will have to decline to be interviewed on that point," said Mr. Engs.

SALKOVICH'S CLAIM.  
The claim of S. Salkovich for \$150 for damage done to his home at 400 Union street, by the police department in effecting the capture of a prisoner, was referred to the City Attorney for an opinion.

The petition of Vernon Heights and Lake Shore Improvement Club for an appropriation of \$250 for the construction of cement sidewalks was recommended by the committee.

The application of Mrs. E. A. Nelling for the return of \$3 for the city having impounded her dog, which had an Alameda license on it was referred to Councilman Elliot.

CO-OPERATIVE MEAT COMPANY LOCATED.  
At last the Co-operative Meat Company has made arrangements for a location wherein to start their first shop and a lease was drawn and other details attended to yesterday.

The new concern will first open its doors at 457 Seventh street, almost opposite the Southern Pacific depot. The market will have a frontage of 250 feet and a considerable depth—sufficient at least for their purposes.

The 4th of June will be the date on which business will be started. Six months at the blocks and a wagon delivery adequate to meet the wants of patrons will constitute the initial working force. The secretary of the company states that the location selected, while not as desirable as the one at the corner of 10th and 11th streets, was both central in location from a business standpoint and convenient to the residences of many of the working people. As that corner is the place where the company expects the greatest share of patronage, the place seems admirably adapted in every way to the needs of the business. They are not expected according to the company's own admission to begin with an overwhelming rush of customers. They will endeavor to make their service satisfactory to all who desire to patronize them. They seem confident that their scheme is practicable and if the workers will stand by them they feel assured that they will "make good."

PLASTERERS' MEETING.  
The local union of plasterers met last evening and initiated one member. The following list of names was given: Two were admitted by card. The assessment upon the funeral of C. W. Debenham, deceased, was paid.

MATERIAL TEAMSTERS.  
The Material Teamsters met last night and initiated one member. The following list of names was given: Two were admitted by card. The assessment upon the funeral of C. W. Debenham, deceased, was paid.

DO NOT FAVOR "OPEN SHOP."  
D. Crowley, of the firm of Birtchall and Crowley, who arrived a few days ago from the Master Plumbers' Convention in Los Angeles, brings news to the effect that the "open shop" policy, which was discussed the night of length, has been relegated to the limbo of forgotten things in so far as the plumbers are concerned. The most friendly of attitude toward unionism, according to Mr. Crowley, the trade having been benefited by the union and in any case where like results may be expected, the endorsement of the Master Plumbers will always be forthcoming. The "open shop" policy is utterly tabooed, and as Mr. Crowley states, they "will have nothing whatever to do with it."

IMPORTANT DECISION.  
The most important decision was in regard to the employment of apprentices and where in the past there has been no system employed at shops hired as many apprentices as the master plumbers could use, in the future but one apprentice will be allowed to every two journeymen.

ELECTION OF OFFICERS.  
The following officers have been elected by the association for the ensuing term: J. L. Jay, Los Angeles, president; J. L. E. Thurman, San Francisco, secretary; W. Wilson, San Francisco, treasurer; D. Crowley, Oakland, Sergeant-at-Arms; Executive Board: T. Scott, Sacramento, E. F. Poin, San Francisco, M. E. Julead, San Diego, T. Furey, Alameda, and J. J. Stevens, San Francisco were chosen as delegates to the national convention at St. Louis, to be held September 5.

By request of the Sacramento Board of Trade, Merchants' Exchange and Public Improvement Association, the next convention of the California Master Plumbers' Association will be held in the Capital City.

RETAIL CLERKS' MEETING.  
At the last meeting of the Retail Clerks' Union, fourteen new members

WILL HOLD BENEFIT  
There will be a garden party held at Adena Park on Saturday, May 21, under the auspices of the Jefferson Davis Chapter, United Daughters of the Confederacy, for the benefit of the veteran fund. Lunch and dinner will be served and there will be dancing in the evening for the members of the chapter and their friends. All interested in the object of this entertainment will be gladly welcomed.

"Rising, how did you ever happen to become a street preacher?" "It was this way, brother. When I reformed and joined the church I was a mule-driver but, of course, I wasn't of an account as a mule-driver after that, and I had to go to something."—Chicago Tribune

# Nervous Women

The relation of the nerves and generative organs in women is so close that nine-tenths of the Nervous Prostration, Nervous Debility, the Blues, Sleeplessness and Nervous Irritability arises from some derangement of the organism which makes her a woman. Fits of Depression or Restlessness and Irritability. Spirits easily affected, so that one minute she laughs, the next minute weeps. Pain in the ovaries and between the shoulders. Loss of voice, nervous dyspepsia. A tendency to cry at the least provocation. All this points to Nervous Prostration. Although you may not know it, in nine cases out of ten this is caused by some uterine disorder, and the nerves centering in and about the organs which make you a woman influence your entire system. Nothing will relieve this distressing condition and prevent months of prostration and suffering so surely as

## Lydia E. Pinkham's Vegetable Compound.

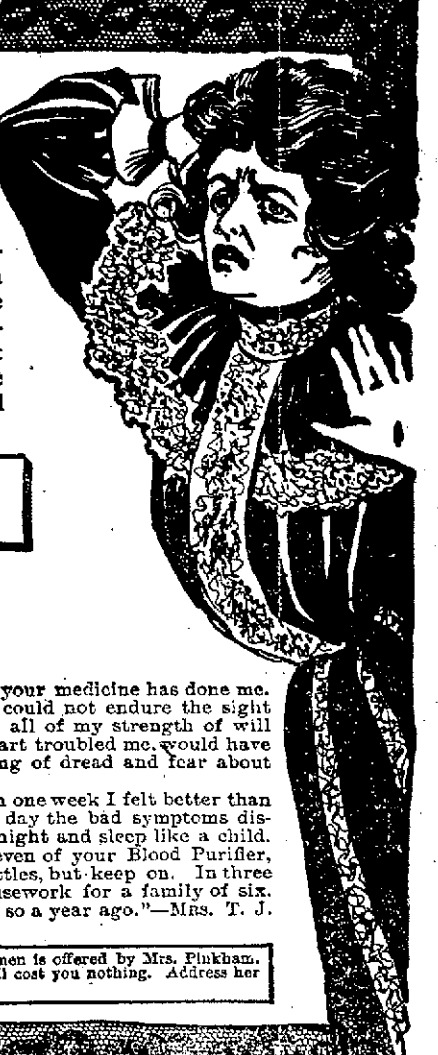

Will not the volumes of letters from women made strong by Lydia E. Pinkham's Vegetable Compound convince all women of its virtues? Surely you cannot wish to remain sick and weak and discouraged, exhausted each day, when you can as easily be cured as the two women whose genuine letters follow, and thousands of others.

"DEAR MRS. PINKHAM:—Words cannot tell what I suffered before taking your medicine. I am 23 years old and the mother of four children, the last two being only 16 months apart. I was all run down, had fainting spells, palpitation of the heart, and was so bad with womb trouble that I could not be on my feet but a short time before I would have to lie down. Also was troubled with leucorrhoea. I was nervous and could not sleep, and at times wished I could die. A friend insisted on my giving your medicine a fair trial, which I did. I began to feel better before the first bottle was half gone, and after using five bottles of Lydia E. Pinkham's Vegetable Compound and three packages of Sanative Wash, I was a different woman. I owe my good health to-day to you, and I will never suffer again while you make such good medicine. I will always speak a good word for your remedies. My little girl was troubled with her kidneys, and one bottle of your Vegetable Compound has entirely cured her."—Mrs. KIRKIE B. PETERSON, Janison, Mich.

"DEAR MRS. PINKHAM:—I want to thank you for the good your medicine has done me. When I wrote you last July I was so weak and nervous that I could not endure the sight of work. I was in a terrible condition, so nervous that it took all of my strength of will to keep from convulsions. The doctors did me no good. My heart troubled me, would have spells of skipping beats and would flutter. I had such a feeling of dread and fear about me all the time I was afraid to go anywhere. I commenced taking your remedies as you advised me, and in one week I felt better than I had in a whole year before, and the gain was steady. Day by day the bad symptoms disappeared. My appetite returned and I was able to go to bed at night and sleep like a child. In all I took nine bottles of your Vegetable Compound and seven of your Blood Purifier. I would say to all suffering women, do not stop at a few bottles, but keep on. In three months I was able to return home, and have since done the housework for a family of six. It does not seem possible that I am the same person that suffered so a year ago."—Mrs. T. J. FAVER, Leslie, Michigan.

### THE DAY'S DOINGS IN ELMHURST.

COMINGS AND GOINGS—PERSONAL GOSSIP OF GENERAL INTEREST.

ELMHURST, May 20.—Mrs. William Ross, who has been very ill at a sanitarium in San Francisco, has been removed from there to the home of a friend. She is much improved and will soon be well enough to come home. Her many friends are delighted at her speedy recovery and are anxious to see her at home again.  
—Miss M. Flynn, the proprietress of the Elmhurst Bakery, was in Oakland yesterday on business.  
The following letters remain uncalled for at the postoffice: Margaret L. Lagoe, Berar, Antonio Cavada, Tony Foster, U. P. Henderson, W. Perkins, Frank Storer, Postmaster.  
Mrs. Frank Pettigrove, who has been ill with blood poisoning, is improving. Joseph Olney, who was recently quite ill, is now entirely recovered.  
C. Rudolph is now installed in his new residence on the Moss tract.  
C. G. Frank of San Leandro is having a cottage erected by C. Herber & Son on the Moss tract.  
Mrs. Richard Munk, who resides on Talcott street, is in San Francisco on a short visit.  
Henry Neeb and wife of San Francisco were in Elmhurst recently.  
Many new buildings are being erected in the vicinity of Elmhurst and prospects of a boom in that direction in the near future are looked forward to by all.

Now the festive ice man deals out cold comfort in small chunks.

### ED LANE OF FRUITVALE IS SERIOUSLY INJURED BY VICIOUS ANIMAL.

FRUITVALE, May 20.—Ed. Lane, formerly roadmaster of Fruitvale district, and who lives near High street, was kicked in the leg by a vicious horse Wednesday evening and severely injured. He is attended by Dr. Callen and may be incapacitated for several weeks. While no bones are thought to be broken, the blow was very painful.

#### DEATH OF CHILD.

Carrie Brady, the little daughter of J. Brady, of Olive street, died Tuesday after a prolonged illness from pneumonia. The funeral was held Wednesday afternoon.

#### ITEMS OF NEWS.

R. L. Clark, who has been ill at Alameda Sanitarium, has returned home. He is being attended by Dr. Crosby.  
Mrs. Mangels, of the Westall tract, who has been treated at Fabiola Hospital, for a serious illness, has returned home. Dr. Callen, who has attended her throughout, is highly pleased by her improved condition.  
H. P. Fletcher, at present at Fabiola Hospital, is recovering his health.  
Chris Eberle, who keeps an establishment on the old county road between Fruitvale avenue and Twenty-eighth street, is in trouble for selling liquor without a license. He will be given a hearing before Justice Geary of East Oakland on May 25.

Wives may be the weaker vessels, but husbands usually go broke first.

### ROUTINE WORK IN EMERYVILLE.

HALLECK STREET PROPERTY BEING FILLED IN—OTHER TOPICS OF THE DAY.

EMERYVILLE, May 20.—The Santa Fe Railroad Company has covered the town with time tables. The list gives the arrival and departure of trains on the Oakland and Berkeley, California Limited and Overland Express divisions.

#### TAX LIST.

The tax collector is busily engaged in making out the final list of delinquent taxes. It will be completed in a few days.

#### FILLING IN PROPERTY.

The Syndicate Realty Company is engaged in filling in its property in the vicinity of Halleck street. This particular corner has been the subject of much criticism. The Santa Fe started the building by filling in. Then the Southern Pacific Company followed suit in the leveling of their property. The Syndicate Company is the third and last of the private property owners to complete the work.

#### SHOOTING CRAPS.

Two men were arrested by Constables Lane and Hempstead at Shell Mound Park Wednesday for shooting craps. The county officers made a raid on the alleged game, secured the dice and took the men into custody. They were immediately released on bail. The case will come up for trial today.

### PRETTY SCOTTISH TRUSTEES HOLD WEDDING.

SAN LEANDRO THE SCENE OF A UNIQUE AND BEAUTIFUL CEREMONY.

SAN LEANDRO, May 20.—Probably one of the most original and at the same time impressive marriage ceremonies that have occurred in the State for many years took place Wednesday at the home of Dr. Chas. Stirling, on the corner of Haywards avenue and Saunders street. The groom was C. S. Cromarty, the bride being Mrs. Elizabeth A. Kindell. The wedding was conducted in Scottish fashion, the groom being a Highlander, and was held out of the lawn in front of the house, where a dossal altar had been erected and gorgeous decorations made, in which the American and British flags were intertwined with masses of roses and lilies. The wedding music was played by Messrs. Ross and Bennett, genuine Scotch bagpipers, from San Francisco.

When the ceremony was about to be performed the groom took up his stand behind the altar, and the others of the party, led by the musicians and followed by the Rev. J. Anderson, who performed the ceremony, flower girls and then the bride, who gave her arm to Dr. Burns, who gave her away.

Miss E. Gaylord, sister to the bride, made an address. Following the ceremony, the bride and groom were seated at a sumptuous wedding dinner. Fraser and Gordon, artists, played national airs and then gave an exhibition of the house of dancing, an articular branch of the Terpsichorean art peculiar to Scotland. The Highland fling and other typical dances were also given.

Afterwards a sumptuous wedding dinner was served on the lawn under the trees, and upon the spacious verandas of the house. A large number of guests from San Jose, the home of the couple, and from San Francisco and Oakland were present. The British Consul sent his regrets.

Mr. Cromarty is a Cromarty Highland Scot, and is heir to large estates in Scotland. He is about 60 years of age and has traveled all over the world. He is an old friend of Dr. Stirling, the two having met in India twelve years ago. He is a New Zealand woman, and comes of an old and highly distinguished family. Her sister-in-law, who succeeded to the title of Marchioness of Wellesley, married a few people in this country have ever had the pleasure of witnessing a purely Scotch wedding and those who were fortunate enough in this instance to do so will long cherish the recollection.

### Los Angeles Physician

REPORTS HIS FIRST CASE OF BRIGHT'S DISEASE ON THE FULTON COMPOUNDS. NOW RECOVERING LIKE THE REST.

A Los Angeles physician of unquestioned ability and standing is a warm friend of a large stockholder in the Jno. J. Fulton Co. The latter convinced the doctor of the curability of Bright's Disease under the new treatment, and he agreed to put a case on it. We have just been shown his first report. We quote: "I am now using the Renal Compound in a case of Bright's Disease—a visitor from the Southern States. The case has been an interesting one for he has been under the care of two prominent physicians who failed to diagnose the case. I standing the fact that could not get a particle of albumen by heat or acid. But under the microscope I found a number of tube casts. He is now curable by the Fulton Compound. Sent to the Jno. J. Fulton Co., 408 Washington street, San Francisco, for pamphlets and list of agents. All first-class druggists in this city and agencies throughout the United States."

A letter dated May 7th from R. M. Freeman, the druggist of Asheville, Ky., says: "Please bill me at this place, but send to J. W. Smith, Auburn, Kentucky, one dozen of the Compound for Bright's Disease. Sent at once. He has been taking it and has derived wonderful benefits." Bright's Disease and Diabetes are no longer death sentences. Nearly nine-tenths of all cases are now curable by the Fulton Compound. Sent to the Jno. J. Fulton Co., 408 Washington street, San Francisco, for pamphlets and list of agents. All first-class druggists in this city and agencies throughout the United States.

## DECIDES TO LEAVE UNIVERSITY.

PROFESSOR A. V. STUBENRAUCH  
ACCEPTS A GOVERNMENT POSITION.

BERKELEY, May 20.—That he may accept a post as special superintendent in one of the branches of the seed and plant introduction and distribution department at Washington, D. C., Professor Arnold V. Stubenrauch has resigned his position as superintendent of the agricultural experiment station and assistant professor of horticulture. He will conclude his work in this State during the summer months and will leave for the east on his new work during October.

Strong efforts are being made by Professor Stubenrauch's chiefs to retain him, as it is felt that his withdrawal will badly cripple the department. It is probable that he will make no change in his decision, as the situation was fully understood at the last meeting of the Board of Regents when appointments were made and salaries fixed for the coming year. Professor Stubenrauch has a splendid record in his professional career. In 1891 he took the post of clerk to Professor E. W. Hilgard, director of the State agricultural station. Later he was given the fellowship in horticulture at Cornell University and after holding positions in the East was brought back and made superintendent of the University of California experimental station. He was raised to assistant professor of horticulture last year and has recently been engaged in University and Government work of great importance to the State.

## POSTAL EXAMINATIONS TAKEN BY MANY.

BERKELEY, May 20.—Twenty-one persons who are anxious to become clerks and carriers in the local postoffice took a civil service examination today in San Francisco. A carrier will be immediately appointed as soon as the returns have been received from Washington giving the highest percentages.

## SENDS CAKE IN THE MAI.

MRS. HOTCHKISS, NEE NICKERSON, SENDS WEDDING REMEMBRANCE TO FRIENDS.

GOLDEN GATE, May 20.—Last night the many friends and acquaintances were in receipt through the mails of little packages of wedding cake sent from their recently married association. Mrs. Hotchkiss, nee Nickerson, the neat remembrances were most artfully arranged. Mr. Hotchkiss is a young business man from Lima, Ohio, and is considered to be well informed in all business ventures.

A house is being erected on Santa Fe avenue for Mr. Van Sant. Another in the immediate vicinity is in the course of construction for Mr. Hansen.

**FINE FOR EAST.**  
W. P. Fine, a well-known horseman left for the East last Wednesday. With him were his wife and daughters. Mr. Fine will remain in the East during the racing season and will return in time for the fall races at the Emeryville track.

## IMPROVEMENT CLUB STANDS BY THE TEACHERS.

Resolutions are Passed By the North Enders Endorsing the Plan to Secure a Raise in Salaries.

BERKELEY, May 20.—Full endorsement to the movement of the teachers of Berkeley for an increase in their salaries was given last night at the regular meeting of the North Berkeley Improvement Club. By a unanimous vote of the club the organization was placed on record as being in full accord with the plan to not only increase the stipends but to have them graded to fit tenure of teaching.

A number of addresses were made commending the teachers on their stand. That the administration of the club has been satisfactory to the members was demonstrated through the re-election of the present officers for another year. They are: President, Victor Robertson; vice-president, E. J. Martin; secretary, H. J. Squires.

## BERKELEY'S NEW CLASS TO CRUISE ABOUT BAY.

FIVE STORY STEEL STRUCTURE IS NEARING COMPLETION.

BERKELEY, May 20.—Such progress has been made in the construction of the new building of the First National Bank at the southwest corner of Center street and Shattuck avenue that the steel of the structure has reached its full height of five stories.

The work of construction has proved to be quite entertaining to the passers by, especially that part where the workmen threw up the red-hot bolts with which the great iron beams were joined together.

The contractors are now awaiting the butt brack with which the frame is to be covered. When the building is completed it will represent an outlay of nearly \$150,000.

## AMERICA MAY NOT COMPETE.

NEW YORK, May 20.—There is likely to be no American representation in the international cup race in Germany on June 17th, the racing committee of the Automobile Club of America having decided to recommend no representative after the scheduled trial of the entrants for the team on the Empire City Trotting Track had ended in a greater fiasco than the earlier trial of the same machines.

Only one of the American cars attempted to carry out the program arranged by the committee but after covering 15.4 miles it was withdrawn both from the trial and from the team because the owner objected to being the sole American representative abroad.

Representatives of a Western company were present but upon advice of counsel declined to sign an agreement absolving the Automobile Club of America from claims for injuries or damages during the trial.

It had been planned by the committee to give the proposed entrants a two hundred mile test on the Empire City Track and a large crowd of enthusiasts journeyed thither. They expressed considerable dissatisfaction over the outcome.

**TO GIVE RECEPTION.**  
BERKELEY, May 20.—Mr. and Mrs. R. C. Richards will give a large reception on May 30th at their home, 1520 Oxford street. The affair will continue from 2:30 until 7:30 o'clock.

## LAY A NETWORK TO GIVE SENIORS OF TRACKS.

RAILROAD COMPANY IS PUTTING IN NEW FREIGHT YARDS IN BERKELEY.

BERKELEY, May 20.—Work is being rushed on the new freight yards of the Southern Pacific Company at the corner of Shattuck avenue and Adeline street. Already the main track into the yards is nearly completed and four spurs have been built from it leading to the freight sheds which are to be erected. A number of sidings yet remain to be constructed and the switch is not yet entirely completed into the main line, but work on the sheds will soon begin. They will be built of brick.

In order to lessen the danger of collision, the Southern Pacific and the Key Route have made two important changes in their switches. The Southern Pacific switch has been moved further up towards Berkeley, making the curve almost straight into the main line, while the Key Route has moved its switch below the Southern Pacific's, so that the freight trains will only cross one track of the Key Route, thus almost eliminating the danger of a collision.

## ATTEMPTED 'O JUMP FROM FLIRRYBOAT.

BERKELEY, May 20.—A man who appeared to be inebriated made a desperate attempt to end his life by jumping from the ferry-boat Berkeley on the 3:40 p.m. from Oakland yesterday afternoon. The fellow was restrained by a deckhand just as he was about to leap over the railing. A policeman took the man in custody.

## APPOINTED AS PROFESSOR.

CHICAGO, May 20.—Dr. Frank E. Graves, a graduate student at the University of Chicago, has accepted an appointment as professor of history and principles of education at the University of Missouri. Dr. Graves was from 1896 to 1898 president of the University of Wyoming and from 1898 to 1903 was president of the University of Washington.

## BATTLE OF FLOWERS.

BERKELEY, May 20.—A battle of flowers, participated in by the fair candidates for diplomas and their friends, was a pretty feature of the usual graduation exercises held yesterday afternoon at Miss Head's school for girls. Carrying out an annual custom, the young women who had completed the work necessary to receive degrees matched flower laden, about the main school building. The structure was transformed into a veritable fortress and from porch and window came bombardments of rose petals as the girls passed, endeavoring to return the fire.

A class tree was planted on the spacious grounds by Miss Leslie Daggett and a commemorative address was delivered by the Right Reverend William Ford Nichols, Bishop of the Diocese of California. He spoke of the expression of character and the impressions made on one's acquaintances.

A pretty figure was danced by the members of the school on the lawn and a may-pole dance was executed by the children in the primary class.

The party following the commencement exercises was not concluded until late in the afternoon.

Those who received diplomas were Misses Alice Andrews, Elsa Schilling, Leslie Daggett, Minnie Gardner, Irene Hoskie, Mary Ingram, Katrina Kron, Gladys Week, Emlene Nielson, Julia Phillips, Theodore Parr, Beatrice Simpson, Mildred Stewart, Dorotha Van Orden and Georgia Winteringham.

NEW PHASE OF MOORE-MORRISSEY CASE CAUSES CONTINUANCE.

The case of disturbing the peace placed against Mrs. Lucy E. Moore, by May Morrissey, the telephone girl, was further clouded by an additional witness in the case this morning in the Police Court. Judge Smith was ready to give his opinion but when the case was called, the witness claimed to be a woman who could throw some light on the events which were alleged to have taken place on the corner of East Fourteenth street and Twentieth avenue.

BELIEVE DANA IS INSANE.

CONVICTED BERKELEY BUTCHER IS ACTING QUEERLY IN COUNTY JAIL.

Fred C. Dana, of Berkeley, who is held in the county jail for embezzlement, it is believed, is insane and Jailer Pete White says that the man's place is at a sanitarium rather than in a jail. Dana has been talking to himself and believes that his fellow members of the Eagle and Foresters, to which organizations he belongs, have deserted him and are now seeking his prosecution. He took off his Eagle button this morning and told White to take it; that it would only serve to identify him.

COMPROMISE SUIT AGAINST HANIFIN.

The suit brought by Mrs. Louise Kane against J. J. Hanifin for the appointment of a receivership of the liquor business conducted by him and a division of the property will probably be compromised. A statement to this effect was made in court this morning to Judge Elsworth by Attorney George W. Reed, representing Hanifin, and the matter was continued for one week.

The directors of the company recently decided to slowly liquidate its affairs and named a committee of creditors to assist. The latter have recommended steps to close the concern's business immediately and this will be done, the huge stock being put up at auction. Goods are on hand valued at \$1,200,000 and the sale will make one of the largest of its kind ever held here. The company has been in existence half a century.

TOKIO, May 20, 11 a. m.—The loss of life incurred by the sinking of the Yoshino included Captain Sayeki, Commander Hirowateri, three first lieutenants; five second lieutenants; five midshipmen; paymaster; surgeon; four ensigns; three engineer cadets and eight boatmen. The total number of the number of those lost is unknown.

Those who went down with the battleship Hatause were his: founders Commander Commander Tsukamoto, Commander Commander Nishida, Commander Commander Shimizu, five second lieutenants; five ensigns; two surgeons; six midshipmen; four cadet engineers and ten non-commissioned officers. It is not yet known whether any of the 24 crew members were men perished. The Hatause was surely sunk by coming in contact with a submerged mine and not by the attack of a submarine boat.

The report that the battleship Shikishima was damaged and the battleship Fuji was sunk is denied here.

NEW YORK, May 20.—An interesting gift has been made to the New York Yacht Club by Philip Schuyler, son of one of the last surviving officers of the famous schooner yacht America. It consists of the original log of the voyage of that vessel to Cowes and Havre in 1851, when she won the America's cup and other documents containing interesting data of the early days of the club, all of which are considered by yachtsmen as records of

**NEW YORK, May 20.**—"Echoes of the famous "Cincinnati wheat deal" nearly twenty years ago have been awakened by a judgment of \$180,000 entered against Edward L. Harper head of that disastrous speculation a day after time bank president.

Harper was a prominent speculator for ten years on thirty-three indictments, by Judge Sage, in the United States Court in Cincinnati, December 12, 1887. The judgment just entered has been a severe blow to Lewis, who was a partner in the deal. The Cincinnati office notes made by Joseph E. Wislhire of that city and which were endorsed by Harper.

The action was tried recently while attorneys for Lewis declared that Harper repented of the deal, and that the deal was not with the understanding that it was. He was not to be negotiated, but Harper heard that Lewis carried a daily balance of about \$200,000 in a New York bank and got the money from that bank. Lewis recanted with the attorney and sought to recoup himself in the courts.

Harper is said to be now connected

CHICAGO, May 20.—Ground' h been broken at Chicago for a giant coke oven to cost \$1,000,000 and the first of its kind in the establishment of the anthracite region in Pennsylvania.

The Smetet Solvay Company is behind the enterprise, which will be pushed to completion as rapidly as possible. Before June 1, it is promised more than \$100,000 will be employed in the construction of the plant.

Many experiments in coke products have been made outside the anthracite fields but always with indifferent success, as the quality of the coal was found to be faulty. It is not explained why the waste was converted into coke in the B&W ovens.
